**Z**. Here is a picture of two teams playing 3-a-side soccer. Use you choices from page 13 to color the uniforms of the two teams. Look carefully at the picture to decide

who is on which team. You don't want to kick the ball into your own goal!

When you have finished coloring your players, remember to color the whole picture. People love to watch kids play soccer.

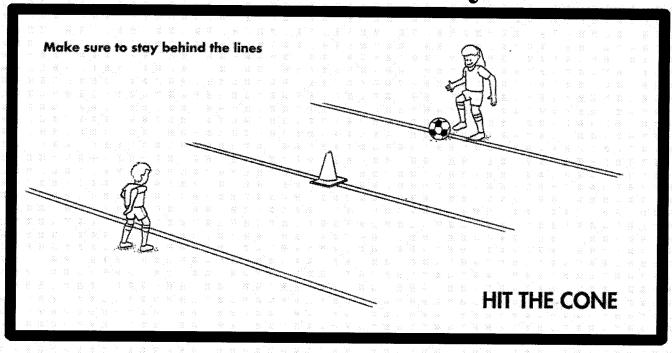

Look closely to see if you can answer these questions:

- 1. How many adults are watching?
- 3. How many people are watching in all?
- 5. How many cones are being used?
- 7. How many people are standing up?
  - 2. How many kids are watching?
- 4. How many soccer balls are there?
- 6. How many people are sitting down?
  8. How many people are playing & watching?

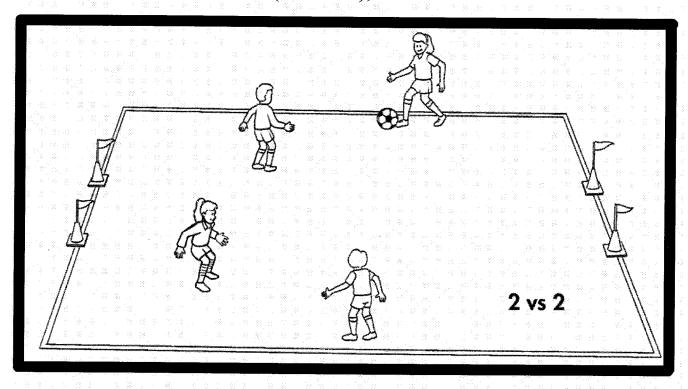

Extra: Circle the soccer coaches.

What are they wearing around their necks?

# 21. Let's Play

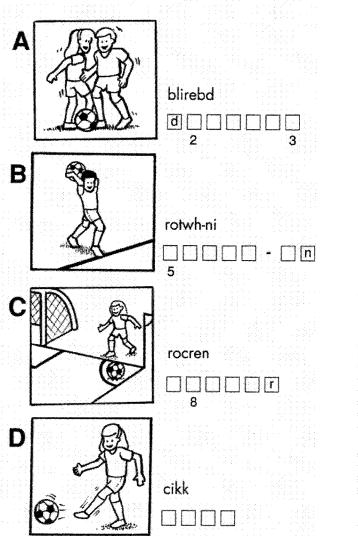

Here are two games you can play with your friends, and you can color the pictures and add some details (trees etc.), too.

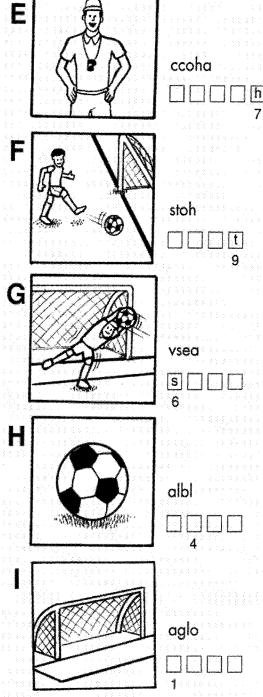

22. Unscrambling I

Here are some mixed-up soccer words that need to be unscrambled and matched to their pictures. You could color your pictures when you are finished.

Sometimes you're given a hint and told one or two letters in the unscrambled word.

Use the numbered letters to answer this question.

What do all soccer players like to hear?

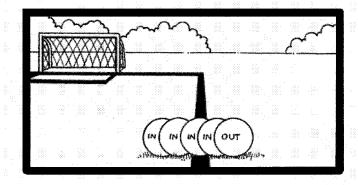

# 23. Unscrambling II

Parts of the Uniform	<b>Moving the Ball</b>
Eyrjes	Dheera
Ocsks	Eblrbdi
Dhpsaisn	Igtohons
Ohsstr	Tnihorw
Etcals	Sasngip
Socce	er People
Rekgelaope	
Efreere	
Ochac	·
Epyrla	

## 24. In Play / Out of Play

In soccer, the ball is only outside the field of play when the WHOLE BALL passes over the goal lines or sideline.

Example:

This can be hard to judge if the ball is in the air. That's the referee's job.

Here is a bird's eye view of a soccer field with lots of balls.

How many balls are there?

How many balls are in play? (Color them blue)

How many balls are out of play? (Color them red)

<b>Z6.</b> Not all animals in this picture play so Soccer is a game played by grown-up and kids anywhere by almost anyone. Color the picture the picture.  How many children are going to play soccer?	Soccer is a game played by grown-up and kids – girls and boys. It can be played almost anywhere by almost anyone. Color the picture after you answer the questions. Look carefully at the picture.  How many children are going to play soccer?
How many girls?	How many boys?
What pieces of equipment are they using form.	they using for their game?
3.	
What do you think will happen in their game?	me?
Look at the farm animals in the picture. There are	here are different kinds of animals. They are

Maybe color the players' uniforms different colors to show they're on different teams.

## 28. A Soccer Throw – In

A throw-in is a very important soccer play and it follows very strict rules.

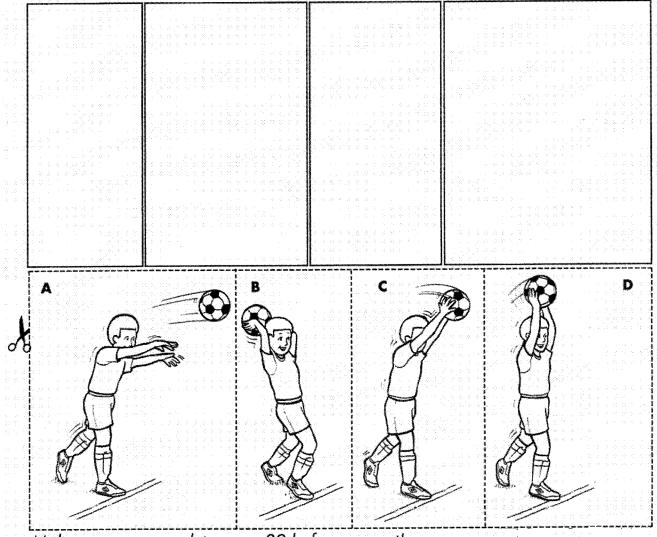

- The player throwing the ball must throw it evenly with both hands.
- The player must keep both feet touching the ground as the ball is thrown.
- The player's feet must be on or behind the sideline as he / she throws.
- The player throwing the ball <u>must always start</u> with the ball behind his/her head.

Put a #1 under the picture of the players starting the throw – in

Then number the other pictures in order.

Cut and paste them into the empty boxes

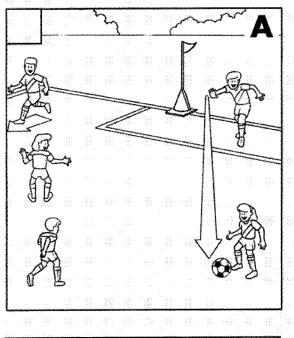

Color the pictures. Practice a throw in with you as the player.

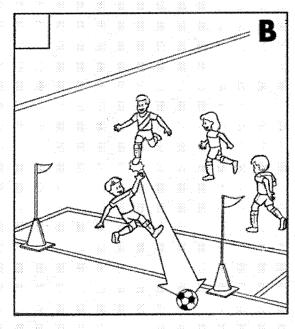

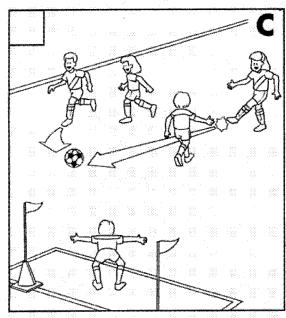

Make sure you complete page 32 before you cut!

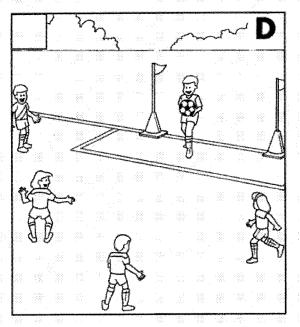

## 30. Create a Goal

Here are 4 pictures showing a team building a goal. They are out of order. Can you number them 1, 2, 3, 4 in the correct order?

How many passes were needed to score the goal?

Remember a throw from a goalkeeper is a throwing "pass."

# 32. Playing with Time

John got up at 8:30 a.m.		
How long until his game started?	Hours	Minutes
John ate breakfast at 9.00 a.m.		
How long did he have to digest his food?	Hours	
John arrived at the soccer field at 10.15 a.m.		
How long did he have before the game started?		Minutes
If the game started at 11a.m and lasted one hour,	when did it finish?	O'clock
John went right home after the game.		
It took 30 minutes (a ½ hour) for John to get hom	ne.	
When did he get home?	_	
Try this.		
John arrived for the game at 10.15 a.m		
When did he leave home to go to the game?		
How long was John away from home?

# **Answer Page 1**

#### Page 4

Most balls – Players group.

Fewest balls – Field Equipment group.

No group with equal number.

Players -9.

Adults -6.

Players Uniforms -5.

Field Equipment – 4.

#### Page 5

Red triangle is biggest.

#### Page 6

Triangle has 3 straight lines, 3 points or corners.

#### Page 7

8 different triangles can be found by drawing 2 lines corner to corner.

### Page 8

There are more circles (11) than triangles (10)–21 circles and triangles.

#### Page 9

Shin pads under socks.

Soccer shoes and cleats for safe kicking and running.

### Page 12

B – The four letter words have the most (6).

A – The three-letter words have the least (1).

### Page 14

Players 1, 2, 3 and 5 (top of the arm) are handing the ball.

Players 3 (chest trap), 4 (thigh trap) and 6 (kicking) are all okay.

#### Page 16

Biggest continent is Asia, smallest is Australia.

Soccer is played everywhere except Antarctica.

Last Men's World Cup 2006 –

Germany, Europe.

Next world cup 1994 – USA.

#### Page 18

Only player #3 is ready to play.

Player 1 - is not wearing shin pads.

Player2 – is not wearing shin pads and socks are loose.

Player 4 – jersey is not tucked in – although some referees now allow it.

### Page 20

10 adults watching.

2 kids watching.

12 watching in all.

14 soccer balls, 8 cones & 3 people sitting.

8 spectators standing (+6 players).

18 people all together.

Coaches are wearing whistles.

76 arms and legs, including the dogs.
